

MICHAEL CHANG

Shoreline, WA | michael.chang.mock@email.com | (555) 123-4567 | github.com/mchang-devops

EDUCATION

- Master of Science in Computer Science**
City University of Seattle, Seattle, WA

Expected Dec 2026
- Bachelor of Science in Information Technology**
Washington State University, Pullman, WA

May 2020

TECHNICAL SKILLS

Backend & Scripting: C#, .NET 8/9, Python, PowerShell, Bash, T-SQL
DevOps & Cloud: AWS, Azure, Jenkins, Docker, Ansible, Git
Cybersecurity & Architecture: Secure Development Lifecycle (SDL), Threat Modeling (STRIDE), Zero Data Retention, Microservices, Dapper (micro-ORM)

PROJECTS & PROFESSIONAL EXPERIENCE

- Secure CI/CD Pipeline Architecture**

2026

 - Architected and deployed a secure deployment pipeline implementing Zero Data Retention policies to ensure enterprise-level privacy.
 - Integrated automated security scanning within Jenkins to catch vulnerabilities before code merges.
 - Authored PowerShell administrative scripts to automate environment configuration and teardown.
- Backend Enterprise Migration**

2025

 - Refactored a monolithic legacy application into a microservices architecture utilizing .NET Core.
 - Implemented Dapper as a micro-ORM alongside Microsoft SQL Server stored procedures, significantly improving database query execution speed by 45%.
- Systems Administrator**

2020 - 2024

Northwest Tech Systems — Seattle, WA

 - Conducted comprehensive STRIDE threat modeling on internal web applications, mitigating critical vulnerabilities in data transit.
 - Utilized Kali Linux for routine offensive security testing and vulnerability assessments.
 - Maintained hardware infrastructure, including physical server upgrades and network routing configurations.
